

Final Assignment - Part B

Product Design – Solution Samples

For part 2 of this assignment you are required to draw and explain 6 possible solutions for the product that you are going to improve.

-You must use the skills learned in Design 11 to draw your pictures. This may be done hand or with the use of software.

****Please keep in mind that we have spent a great deal of time working on drawing techniques and skills. Your work should reflect this.****

The final document you will submit will have the following:

1. Title page with your name and product
2. One page for each drawing and description (6 in all)

All drawings and descriptions are due on June 10 th.
